

CACI - Hepatitis C - Chronic Worksheet

(Updated 04/13/2022)

To determine the applicant's eligibility for certification, the AME must review a [current, detailed Clinical Progress Note](#) generated from a clinic visit with the treating physician or specialist **no more than 90 days prior** to the AME exam. If the applicant **meets ALL the acceptable certification criteria** listed below, the Examiner can issue. Applicants for first- or second- class must provide this information annually; applicants for third-class must provide the information with each required exam.

AME MUST REVIEW	ACCEPTABLE CERTIFICATION CRITERIA
Treating physician finds the condition stable on current regimen and no changes recommended	<input type="checkbox"/> Yes
Complications or symptoms from Chronic Hepatitis C	<input type="checkbox"/> None
Medications for condition	<input type="checkbox"/> None
Current Labs	<input type="checkbox"/> Within last 90 days <input type="checkbox"/> AST (SGOT), ALT (SGPT), Albumin, and PT all within 10% of normal lab scale.

AME MUST NOTE in Block 60 one of the following:

- CACI qualified Hepatitis C - Chronic.
- Has current OR previous SI/AASI but now CACI qualified Hepatitis C - Chronic.
- NOT CACI qualified Hepatitis C - Chronic. I have deferred. (Submit supporting documents.)
